To: G.B.P.D.S.A.

From: Eddie Rogers:
G.B.P.D.S.A. FIREARMS Instructor # 773

Student's Name: _____ Date: _____
(Print legible)

This letter is to attest only that the aforementioned individual has been observed on a firearms range by a Board Certified Training Instructor In Firearms and that individual has fired the score noted below.

Caliber : _____ Score: _____ Officer Registration # _____
Type of Weapon: (Check One) Revolver: _____ Semi Auto: _____
Firearms Range: _____
Class Location: _____

The instructor has observed that said individual has met the minimum qualifications score as required by the board with a numerical score of 80% while firing GBPDSA mandated course. This memorandum provides documentation of range score only and nothing else. This form is not a license and does not empower the shooter to carry a firearm. The instructor makes no *guaranty* as to, and assumes no responsibility for: any future correctness, sufficiency, or completeness as a result of said firing or scores.

The instructor does not under any circumstances acknowledge responsibility or liability for the actions or judgment of the shooter. The instructor states only that the shooter did in fact on the date noted fire the score, documented above on the state established course of *fire*. It is the sole responsibility of the above named individual to stay informed of the changes in the field of firearms safety, rules, regulations, law, related techniques and procedures. This firearms course of fire, by itself, does not constitute complete nor comprehensive training in the field of firearms safety or use. Other and/or additional training (cognitive and performance skills) may be required under certain circumstances.

Furthermore, the memorandum is not intended to guarantee or warrant future cognitive or performance skills; or provide or suggest any form of licensing. Comprehensive firearms training, on a continuing regular basis, are an integral and indispensable part of developing and maintaining a high level of skill proficiency, judgment and weapon safety. By their signature, the shooter acknowledges these facts as stated. This memorandum is valid only if dated and it bears the signature of the instructor and the shooter.
